DETAILED ACTION

This Office action is in response to the amendment filed April 3, 2007 in which the specification was amended.

1. The rejection of claims 52, 56 and 59 under 35 U.S.C. 1112, second paragraph is maintained for the reasons of record.
2. Applicant argues contain the language "selected from the group consisting essentially of" is permissible because there are over 3800 granted U.S. Patents that contain the language "selected from the group consisting essentially of."
3. It is well settled that the language contain the language "selected from the group consisting essentially of" opens the claims to other ingredients which may or may not be disclosed by Applicant. This language is not proper Markush language and does not further narrow the claim.
4. The Obviousness Double Patenting rejection is maintained for the reasons of record.
5. The anticipation rejection is withdrawn in view of Applicant's arguments.
6. Claims 51 and 55 are objected to as being dependent upon a rejected base claim. The rejected base claims is rejected on the ground of nonstatutory obviousness-type double patenting.
7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1714

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
